Anytime, Anywhere

Sometimes our Engineering Dept gets ahead of themselves. We weren't quite ready to pull the trigger on this new design when we did. It resulted in a great new stylish design concept but a few extra parts. Although they work great, we are still tweaking the final version.

This is your lucky find. We have a limited supply of these Model NEXGEN carts for \$1990 (plus freight).

Compare to our BDC8 model at \$2876, this cart has a bit more room. It will hold (6) tubs on top and on the bottom.
