Nelson sink systems are manufactured as stand alone units or can be integrated into any of our Mobile dipping carts models. The Carts, whether for dipping Ice Cream, Gelato or Italian Ice can include a dipper well, hand wash sink, triple bowl utensil washing sink, or any combination of the above. The components used in any case are listed on page 2 of this document.. A portable gravity fed dipper well system is also available for venues without a power source. It is the buyers responsibility to ensure all local health codes are met when ordering your equipment.

Model BD6CE-07 Cart  
With integral sinks  
Shown with optional cash drawer
